Work Experience

Data Operator
TGH, Bharti Airtel Ltd.

Oct 2015 - Dec 2016
Udyog Vihar, Gurgaon

As a data operator, my role involves meticulous and accurate input, organization, and maintenance of crucial information. I ensure data integrity, and swift retrieval, and support decision-making processes through efficient data management. Diligence and precision are at the

core of my contribution to maintaining streamlined operations and informed choices.

Paralegal Associate

Raguel Law

June 2018 - Present
Nehru Enclave,

Filing Upload and Mike Legal Search Specialist - Successfully managed the filing upload process, ensuring accurate and timely submission of legal documents for various proprietary applications and classes.

Front-End Developer

Freelancer

Apr 2019 - Present

New Delhi

As a front-end developer, I design and implement user-facing elements of websites and apps. I use HTML, CSS, and JavaScript to create responsive interfaces, collaborating with designers and back-end developers. My role involves optimizing performance, ensuring accessibility, and integrating interactive features. Testing and debugging are key to maintaining functionality and user satisfaction, while staying updated on industry trends ensures your skills remain effective and innovative.
